EXPERIENCE

Product overview:

Specifications:

- Bluetooth Version 5.1
- Operating distance: Up to 10 meters
- Frequency: 20Hz-20KHz
- Earphones: Lithium polymer battery 30mAh
- Charging station: Lithium polymer battery 300mAh
- Charging voltage: 5V
- Charging time: 1-1.5h
- Working Time: 4-5h
- SNR: 92dB
- Impedance: 32ohms
- Distortion: less than 6%
- Compatible with A2DP, AVCTP, AVDTP, AVRCP, HFP, SPP
- Charging cable included

Charging:

Charging station

Use the cable provided for charging. Connect USB cable to computer / AC adapter and connect the other end of the cable into the charging port of the charging station. During the charging process, the led indicator will blink in white colour. Once finished, led indicator will stay on.

Note: If the earphones are in the charging station, both will be charged at the same time.

Earphones

Place the earphones into the charging station and the charging process will start automatically.

During charging the white light will stay on. When the earphones are fully charged the indicator light will turn off.

Operation:

You can use one or both earphones at the same time.

When you remove the earbuds from the charging station they will synchronize automatically.

If they are turned off, press and hold the multifunction button to power on the earphone until the indicator light start flashing in white colour. This indicates that the device is ready to be paired.

From the Bluetooth menu of your device, search for new devices and select "1747" to pair. Once they are paired successfully, the light indicator will turn off in one of the earphones.

Press and hold the multifunction button of each earphone to power off the device.

Controls:

Answer/End call:

Short press the multifunction button of any earphone.

Reject call:

Long press the multifunction button of any earphone.

Play/Pause music:

Short press the multifunction button of any earphone.

Next/previous Track:

To go to next track, press two times the multifunction button on the right earphone. To go to previous track, proceed in same way on the left earphone

Volume:

To increase the volume level, press three times the multifunction button on the right earphone. To decrease the volume level, proceed in same way on the left earphone

Troubleshooting

Fault	Solution
Unable to pair up with other devices.	1. Check whether the earphone is still on the process of search or switch it off and on again. 2. There are too many Bluetooth devices in the proximity that cause difficulty in connection. Turn off other Bluetooth devices. 3. Make sure your earphone is in "Pairing Mode".
The sound is low or distorted.	4. Check the Bluetooth device's volume and then adjust it to an appropriate level. 5. Recharge the battery.
Occasionally the music stops.	6. Check whether the earphone effective transmission range is exceeded or if there is an obstacle standing between the earphone and other Bluetooth devices.

Warnings:

1. Do not expose this product to rain or damp conditions.
2. Prevent this item from falling as it could cause serious damage.
3. Do not dismantle, repair or modify this product by yourself, contact an authorized specialist.
4. In order to avoid any risk, do not dispose of this product inappropriately or throw it into the fire as there is a built-in Lithium battery.
5. Clean it with a dry cloth.
6. Do not place this item near sources of heat or expose to direct sunlight.
7. Do not insert any metal objects into this device as there is a risk of causing a short circuit in the unit.
8. Excessive sound pressure from earphones and headphones can cause hearing loss.
9. Keep out of reach of children.

This symbol both in the product and its user manual indicates that at the end of the devices electrical life, it should be recycled separately from your household waste. There are adequate means to dispose of this material for proper recycling. For more information, contact your local authorities.
