

SKU 391752

How to use:

Bend the inside metal chip until the liquid starts to crystallize and heat up.

Press gently to even at the crystals and place in the desired area.

How to reuse:

Fully immerse the bag into boiling water until it returns to liquid state

(This will take about 5 minutes)

Caution:

Cool completely or put into cold water for 5 minutes before reusing

Do not pierce the bag

Do not use in electric kettle or microwave.
