User Manual

It is recommended to read this user manual carefully and keep it for future reference.

1. Product Overview

1. Sliding Front Panel
2. Earphones Entrance
3. Visual adjustment Switches. For lateral adjustment and focal distance
4. Phone holder

Accessories Included:

- 1 User Manual
- 1 Cleaning Cloth
- 3 Adhesive pads

2. User Guide:

Before using this item, make sure you have 3D videos, 360° or VR games available on your phone to reach the maximum potential of the virtual glasses.

There are many applications and videos available in Google Play for Android and App Store for iPhone.

VR glasses resources are mainly divided into 3 categories:

- VR games: Head movement controls game action perspective.
- 360° panoramic video: You can download a video, by turning your head enjoy the surrounding scenery.
- 3D Video: You can download or watch online 3D movies and videos.

Installation

Stick the 3 adhesive pads included in the box onto the mobile holder so that the pads do not press device buttons. Place your mobile phone in the centre on the mobile holder and make sure it is correctly aligned when playing a 3D video or VR game. Otherwise move your phone until it is properly lined up.

This item is provided with 2 switches, they can be adjusted laterally, adapting to your eye distance and also focally, by adjusting the distance between your phone and the lens.

3. Warnings

1. The glasses cannot be used when the phone is charging.
2. Be extra cautious when using this product, it may cause feeling of dizziness, vertigo or claustrophobia among other problems.
3. If you feel dizzy or sick, stop and rest.
