

391641 User Manual (Eng)

It is recommended to read this user manual carefully and keep it for future reference.

Product Overview:

Specifications:

- Bluetooth Version 5.3
- Charging voltage: 5V
- Lithium battery 300mAh 3.7V
- Working Time: 2-3h
- Operating distance: up to 10 meters
- Frequency: 20Hz-20KHz
- Impedance: 4ohms
- Power output: 3W
- SNR: 80dB

Operation:

Long press the ON/OFF button to power on the speaker.

From the Bluetooth menu of your device, search for new devices and select "21381" to pair. Once they are paired successfully, you will hear a notification sound and the blue indicator light will remain on.

Long press the ON/OFF button to power off the speaker.

To pause/play music press the ON/OFF button.

Note: volume and next/previous track must be controlled from your mobile device.

Charging:

Use the cable provided for charging. Connect the USB cable to computer / AC adapter. Connect the Type C end of this cable into the USB C port of your device.

During charging, the red indicator light will stay on. When the speaker is fully charged the indicator light will turn off.

Solar Charging:

Expose the solar pannel of the speaker to the direct sunlight. If charging is successfully the green light indicator will stay on.

Note: Solar charging is a slow process and its performance depends on the environmental factors.

Fault	Solution
Unable to pair with other devices.	1. Check whether the speaker is still in the process of search or switch it off and on again. 2. There are too many Bluetooth devices in the proximity that cause difficulty in connection. Turn off other Bluetooth devices.
The sound is low or distorted.	4. Check the Bluetooth device volume and then adjust it to an appropriate level. 5. Recharge the battery.
Occasionally the music stops.	6. Check whether the speaker effective transmission range is exceeded or if there is an obstacle between the speaker and other Bluetooth devices.

Warnings:

1. Do not expose this product to rain or damp conditions.
2. Prevent this item from falling as it could cause serious damage.
3. Do not dismantle, repair or modify this product by yourself, contact an authorized specialist.
4. In order to avoid any risk, do not dispose of this product inappropriately as there is a built-in Lithium battery.
5. Clean the speaker with a dry cloth.
6. Do not place this item near sources of heat or expose to direct sunlight.
7. Do not insert any metal objects into this device as there is a risk of causing a short circuit in the unit.
8. Keep out of reach of children.

This symbol both in the product and its user manual indicates that at the end of the devices electrical life, it should be recycled separately from your household waste. There are adequate means to dispose of this material for proper recycling. For more information, contact your local authorities.
